SECTION A – ABERDEEN ANGUS

Any animal not having a legible tattoo is ineligible to compete and will be barred from showing.

Exhibitors must have the original registration certificate on each animal available for inspection at the show.

OPEN BEEF

The exhibitor is responsible for furnishing the Superintendent the names of animals shown in groups, and herds, and championships.

All animals must be from a registered sire and dam.

All animals must be registered in the herd book of the American Angus Association. The registration certificate issue date must be prior to the show date.

The **skin color** of all animals **must be BLACK**, except those animals having birth marks or white hairs on black skin. Animals red in color, or with white skin above the underline, in front of the navel or on a leg or foot, are **not** eligible to show.

All animals must be polled (free of horns or scurs). Scurs are defined as any portion of horny tissue attached to the skin of the hornset of a polled animal. Any product administered internally or used externally to alter the conformation and/or appearance of an animal for exhibition is prohibited. This includes the covering of white skin, false tail heads (or use of any false hair), use of graphite, powders, hemp or other similar substances externally and steroids, growth stimulants or artificial filling internally. Any animal found to be in violation will be barred from showing. The exhibition of cattle displaying false hair will not be allowed, with the exception of false tail switches.

Exhibitors must have the original registration certificate on each animal available for inspection at the show. All animals must have a legible permanent identification mark that can be ear tattoo marks, freeze-branded marks or hot-branded marks. The permanent identification mark must correspond with the permanent identification mark as indicated on the official registration certificate. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be re-marked and rechecked at the show.

All animals must be shown within the official standard show classification of the American Angus Association.

Only one person at a time shall lead animals into the show ring.

Exhibitors who participate in shows that accept premium monies contributed by the American Angus Association are subject to the Association Rules as found in the Breeders Reference Guide of the Association. These rules are found in Part 2; Association Rules. The rules relating directly with the exhibition of Angus cattle are Part 2: Association Rules; Rule 800 Series; including Rule 800-811. These rules can be found at www.angus.org.

Any female shown with calf at side, the calf must be her natural calf and registered.

At any show for which the American Angus Association appropriated funds toward the payment of premiums, no exhibitors, individuals assisting exhibitors or member owners at such show shall be allowed to use any coloring agents, on any animal exhibited. The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a "white towel" or "white glove" test. No aerosol cans or other pressurized containers will be allowed in designated make up areas.

All animals exhibited are subject to DNA marker or blood type test to verify accuracy of parentage as covered under the Association Rules and for other testing as required by the individual show.

Authorized representatives of the Association have the authority to enforce the rules set forth herein as well as in the Association Rules, including the barring of a registered animal from a livestock show at which it is to be shown, if there are reasonable grounds to believe a violation has occurred.
